

Bus timings may be subject to change at short notice due to weather and other factors. The school transport system is a free service provided by the Ministry of Education and as such bus timings are approximate and flexible, and parents/caregivers and students must ensure that students are at their bus in good time. Only buses indicated in the outline of each route are legitimate stops. Students must be picked up and dropped off from these stops only. All buses are operated by [GoBus](#).

Finding your route

Students will be assigned a route to and from their home (including any secondary residence, if requested), where they are eligible to receive free transport. Each student's ID card will carry an image of a colour-coded bus which identifies their eligible route to the drivers (with the same colours as the routes below). Students may not use other bus routes for any reason, including travel to and from work, clubs etc. either before or after school. Students may not take other people (such as friends) on a school bus unless that person also has an ID card for that route. If you move house and a student needs to use a different bus, please contact our [Student Records Officer](#). Depending on your circumstances, you might be able to claim a Conveyance Allowance to assist with getting your child to school.

Contact the MoE's Dunedin Office for more information.
