## Principal's Message

Kia ora and welcome to the end of another very full and eventful week. A highlight for me from the last week, was watching our 1st XV rugby team compete in their final game of the Otago Secondary Schools Competition, and while the outcome, nor the weather was what we wanted, the team did the school proud. Moving to this competition in 2019 was significant for WHS rugby, and I want to commend the players, coaches, managers, parents and supporters for the great season and commitment. On Tuesday, we had our annual sports exchange with Mt Aspiring College and it was wonderful to be able to hold an exchange at school for the first time. The facilities held up nicely, again in spite of the weather, and it was good to see WHS get a comprehensive victory over our rivals across The Crown Range.

Thursday saw approximately 50 Year 13 students fly up to Wellington to see the various University options in the Capital and the day was also a significant one for our Year 10 students, as they learned about the various youth services and organisations that are available in Queenstown. A big thanks to all of the people and community services for giving up their time to work with our young people. It seems we may have got the peak of the ski season as our Year 9's began their Ski Programme today and will continue to head up the mountain for the next five weeks. A huge thanks to the WHS Foundation for supporting many students and families with the financial means to partake in this programme. Thanks also goes to the YPNZ Generation Give Programme. Today we drew the raffle winners from the first WHS Generation Give Programme fundraising effort, which raised over \$4000. A fantastic achievement which will benefit six local charities.

From next week, we will be making some subtle but not insignificant changes to our policies on cell phone use in class, in which the default position will be that phones are on silent and in bags. Some teachers use the cell phones as a tool for learning, but the use will be strictly at the discretion of the teacher. Similarly, we will be looking at a hard cap on data usage during the school day ([see below for more details](#)).

Student parking has also continued to be an issue, with demand far out-weighting supply at our 5-star, green-star build. In an effort to try and resolve the parking issues, we have been liaising with Remarkables Park regarding some solutions, which are detailed below. In the interim, it is really important that students do not park illegally or on other people's property, including the adjacent playcentre and Kip McGrath.

And just like that, we are at the mid-point of Term 3 and our senior students are starting to realise that they only have 8 weeks left of school before they break for end of year exams and study leave. School exam reports will be available from the end of next week and it is really important that students embark on their study programmes to ensure that their academic goals are achieved.

I'm looking forward to the Probability Fair next Tuesday, which in only its second year has already carved out a place in my annual calendar. Similarly, next Friday's Emerging Creatives evening is a wonderful evening that is worth getting to.

Hope everyone has a great weekend.

**Oded Nathan, Acting Principal**

## Student Representative Election for the Board of Trustees

Nominations are invited for the election of one Student Representative on the Wakatipu High School Board of Trustees. All students enrolled full-time in Year 9 and above and under 20 years old are eligible to be placed on the electoral roll, stand for election and vote in the school's election for the Student Representative on the Wakatipu High School Board of Trustees. Student trustees have equal standing, voice, accountabilities and vote as other board members. The Student Representative's term of office is 12 months.

Further information may be found in the [Student Trustee Handbook](#).

A nomination form and copy of this notice has been distributed to all eligible voters on the student roll. If you are considering standing for the election, you need to print the nomination form or collect from Reception. The nomination form is to be completed and returned to Miss Dawson at Reception before midday on Friday 30 August, along with a short candidate statement (400 words max, also to be emailed to [kdawson@wakatipu.school.nz](mailto:kdawson@wakatipu.school.nz)) and may include a photograph. These will be printed as part of the voting paper. There will be a list of candidates' names as they come to hand on the notice board by the TVs in the Foyer.

Voting papers will be given to eligible students by Wednesday 4 September in Ako Time.

Voting will close at midday on Friday 13 September 2019.

## Cell Phone Use and Data Usage

### **Cell Phones**

From next week we are implementing subtle but significant changes in our cell phone use policy during class time. No cellphones will be used in class, unless explicitly asked by the teacher to use for a specific aspect of learning. Default setting is for cell phones to remain in students bag on silent. Cell phones will be allowed to be used during break times, before and after school.

### **Data Usage**

At WHS we have software that enables us to monitor individual student use of internet data. Recent reports have indicated that a small group of students have been using a large amount of data. This not only slows down the network but can be an indication of students not being engaged in their learning. As a result, we are going to trial limiting the amount of data students can use each week.

Further updates will be published in the newsletter and communicated to students.

## Student Parking

As many of you will be aware, there is limited parking available on site at the school, with demand currently exceeding supply, which will only be exacerbated as our roll continues to grow.

Next year, construction of the school's extension is to commence, which will further reduce the number of car parks available on site.

The Ministry of Education does not have a policy on the number of car parks schools should have, this is regulated via the local council building consent process. Both MoE and QLDC strongly encourage active transport modes and public transport modes.

Given this, we are currently looking at various options to manage the student parking, one of which may be to give priority to Year 13 students. However, Remarkables Park Ltd have offered a very reduced flat rate parking charge for WHS staff and students which may be of interest to some individuals and families. The charge would be \$2 a day, as opposed to the commercial rate of \$2 per hour. The \$2 a day rate is only available if you "Opt-In". If your student is likely to drive to school and is not in Year 13 in 2020, or is regularly getting to school after 8.40am then this could be of interest to you. If you are interested in knowing more about the Remarkables Park parking option - please read more within this form and complete the [Expression of Interest](#) by Friday 30 August 2019.

## YPNZ Generation Give Raffle

The first Wakatipu High School Generation Give Programme fundraising effort raised over \$4000 and will benefit six local charities. The money will be awarded at the Spirit of the Wakatipu Gala Evening on 14 September. Today 28 winners were drawn by Mr Nathan in the presence of Senior Constable Wayne Park. Top prizes included a meal for two at Amisfield, Shotover Jet rides, Winnie's pizza vouchers and Flame restaurant vouchers along with others. Generation Give would like to thank local businesses who donated prizes and everyone in the community who bought a ticket and more importantly learned about the YPNZ Generation Give programme and the process. Winning ticket numbers will be announced today on the [YPNZ Facebook page](#).

## Emerging Creatives

The Senior Design students are about to put on the annual group exhibition of their latest Design work.

This year we are also joining forces with Mt Aspiring students, with the aim of creating an ongoing regional event.

The basis of each student's work stems from a brief that they have individually devised. On show are their posters which present a collection of ideas they initially explore, with one final larger piece as the final resolved work. The variety of ideas and styles explored is the hallmark of this exhibition displaying the wonderfully creative statements made by our young people.

This year we are exhibiting the work at a new and exciting art space at the Five Mile Shopping centre. Marc Blake, the director of Queenstown Contemporary, has kindly offered his full support in providing this venue.

Our thanks also go out to Fluid Design who have very generously provided the venue in the last five years, however, due to the increasing numbers of students involved, we have needed to find a bigger space.

Queenstown Contemporary is an exciting new arts initiative that offers a lot of opportunities for the wider community. I encourage you to come along to view our exhibition and to also give your support to the development and establishment of a permanent, world class community Arts Hub.

Opening night is Friday 30 August at 6.30pm.

We would love to see you there!

**Leslie Koehn, Assistant Head of Arts**

## Scholarships

There are two community based scholarships available for students who intend on studying at tertiary level in 2020. Details as follows:

**David Geddes Memorial Scholarship** – This is a \$1,000 scholarship set up as a memorial to David Geddes. Students can collect information and application form from the Careers Hub and return completed by 3.30pm on Thursday 26 September.

**Margaret Templeton Tertiary Study Scholarship** - closes Friday 27 September at 12 noon. The value is \$5,000 per annum paid for up to three years = \$15,000, based on satisfactory course completion/results each year. Residential normal home must be in the Wakatipu basin and proof of parent's income is required as this is a scholarship set up to support young people who would otherwise struggle to afford tertiary studies. Application forms are available from the Careers Office. Completed applications can either be handed to the Careers Hub by 12 noon on Friday 27 September and we will deliver them to Anderson Lloyd or post to: Margaret Templeton Education Trust, C/- Jenny Fitzgerald, Anderson Lloyd, Private Bag 1959, Dunedin 9054 and must be there by 27 September.

**Tanya Glanfield, Careers Assistant**

## 40 Hour Famine

Another famine has wrapped up for the year. We raised \$3,942 and our funds this year will help the thousands of young lives that have been affected by the conflict in South Sudan. To put in context the impact of what the money we raised can do, this amount can feed a total of 32 families for a whole month, which is just fantastic! In addition, what you sometimes can't see is the hope that you have created, it does more than just feed tummies and put roofs over peoples' heads, it gives these people the hope that they can have a better future. This week we had an assembly to recognise and thank those students who participated and raised money for this year's cause.

Well done to the following students who helped make a difference

Jack McBeth #1 fundraiser \$779

Micky Nguyen #2 \$328.50

Francesca Archibald #3 \$272.50

Ruth Stevens, Tessa Bendall, Grace McIsaac - spent 40hrs in a bathroom and raised \$280.

A massive thank you to the following businesses who donated prizes. Their support is very much appreciated.

## Holocaust Centre of New Zealand visit to WHS

Friday 16 August, Social Science students had the opportunity to participate in workshops presented by Chris Harris and Lizzy Eaves from the Holocaust Centre of New Zealand.

Students appreciated the opportunity to learn and discuss with the external experts about a topic they found interesting and challenging.

Students were encouraged to challenge the veracity of the primary and secondary information presented to them as part of the Learning Area's aim in promoting critical thinking and analysis.

Questions posed by the students reflected not only their high level of interest but also their appreciation of the willingness of the experts to share their knowledge and resources.

The CEO of the Center, Chris Harris, commented that students were not only "polite and respectful" but most importantly they were curious.

We look forward to visits such as this becoming regular events on the Social Science calendar.

## MAC Winter Sports Exchange

Yesterday Wakatipu High School hosted Mount Aspiring College for our annual Winter Sports Exchange. We were pretty excited to be able to use the sports facilities at the new school for such a big event. Our students participated in Basketball, Netball, Volleyball, Rugby, Football and Hockey, with 14 matches in total contested throughout the day.

Challenging conditions on the outdoor fields and courts certainly made things interesting with freezing temperatures and heavy rain. But students from both WHS and MAC coped brilliantly and put on some fantastic performances with competitive games all round.

Congratulations to WHS for taking home the trophy for another year and well done to Mount Aspiring for their great performances, respectful manner and contribution to the smooth running of the day. A huge thank you goes to the coaches, management and staff behind our WHS athletes for your support! Next year we travel over the hill to be hosted in Wanaka and we look forward to another fantastic exchange.

**Alexa Peters, Sports and Physical Activity Coordinator**

## International Sports Day

A group of 22 WHS International students attended the Southland Secondary School International Sports Day held at Stadium Southland in Invercargill on 22 August.

Students were able to participate in a variety of indoor sports including basketball, futsal, pickleball, badminton, squash and cycling. It was a fun day for all being able to participate against other international students also attending secondary school in the Southland region.

## Identity and Belonging of Migrant Students in New Zealand Schools - Survey

The Faculty of Education & Social Work of the University of Auckland are conducting a study entitled Identity and Belonging of Migrant Students in New Zealand Schools. Focusing on students aged 16-18 who are either first or second-generation migrants to New Zealand, the study looks at the relationship between students' ethnolinguistic identities and their proficiency in English and other languages. This study will help to better understand migrant students' process of integration into New Zealand schools, the challenges they face, and the factors that help ease the integration process. They are looking for around 300 participants from around NZ. The survey comprises of a short anonymous web-based survey and then a possible follow up interview.
