# **Principal's Message**

Kia ora everyone and welcome to the newsletter at the end of the most significant week of the year at Wakatipu High School in terms of recognising and celebrating the achievements of our students.

The week began with the presentation of the Central Lakes Trust Scholarships in Cromwell, where sixteen Year 13 students received Scholarships of \$2,500 each.

On Wednesday we gathered as a whole school for the announcement of the winners of the House competition for 2019 - see below for the results.

Wednesday night was Cultural Blues. Opening with the remarkable display of students' artwork in the foyer, this was a wonderful evening with a powerful guest speaker, great performances and a lovely vibe - a fantastic celebration of the Arts at WHS.

Today was Senior Prizegiving - our most formal and significant ceremony of the year, and an important opportunity to acknowledge and celebrate our students' academic, service and leadership achievements. This morning we did something a little different and gathered the whole school for the announcement of some of the most special awards, including the Dux. We did this so that those students could be recognised by their peers, and so that all students could celebrate some of our top all-round students and achievers, as well as have the opportunity to hear the Dux speech.

The Dux is our highest academic achiever, and today it was a pleasure to announce Gareth Harcombe as the Wayfare Dux of WHS for 2019. Following an awesome haka to honour him, Gareth delivered a fantastic valedictory speech. It was a powerful and moving moment, and great to share it as a whole school.

In my speech this afternoon I acknowledged just how hard so many of our students work and how well-deserved many of these awards are. Below are the lists of prizewinners - my congratulations to them all.

This week we also recognised the achievement of Alice Robinson in winning the GS in the opening World Cup of the season in Soelden, Austria - beating one of the all-time greats of women's skiing, Mikaela Shiffrin in the process. Alice was back at school on Wednesday morning. To achieve what she has done as a 17yr old school student is nearly incomprehensible, and we are in awe and very proud of her.

Also this week we found out that Maria de Medeiros was awarded a Medal for being the top student from Australasia and the Pacific for her year level in ISCAS writing - another amazing achievement.

**Principal's Awards** - for seniors are also out today, and my congratulations to the many great all-round students receiving these.

**Reports** - the Senior End of Year and Junior LE reports will be available on the Portal later. The Senior report is very comprehensive including a lot of information, please have a good look at it.

**Tutorial Week** - for senior students is Monday to Thursday next week, and offers an important opportunity for students to final prep for exams. Students will receive an email with more details on Sunday.

What a week... and in my speech at Senior Prizegiving I noted that we really are delivering a great all-round education, and this week showed just how many students are making the most of the opportunities provided.

A great week at school is going to be followed by a great weekend - the warmest since last summer, both days will be stunning, enjoy!

#### 2019 Senior Prizegiving - School Assembly

This time of year is of great celebration and recognition of student success and achievement, with the Sporting and Cultural Blues taking place this and last week and our Senior Prizegiving event taking place this afternoon. Today we gathered the school for a special assembly outdoors to present some of the most prestigious awards from this afternoon's Senior Prizegiving, including Proxime and Dux.

The pinnacle of the senior prizegiving is the Wayfarer Dux Award to our highest academic achiever. Today it was a pleasure to announce Gareth Harcombe as the Dux of WHS for 2019. Following a wonderful haka to honour him, Gareth delivered a powerful valedictory speech - another in a long line of great WHS Dux speeches. You can watch the full video of the Haka and Gareth's speech here.

#### 2019 Lip-Sync

For years we have hosted a lip-sync battle to end the year, to celebrate the amazing students and staff at our school.

Keeping up with the trend, the 2019 WHS Lip-Sync battle was a huge success. The theatre was full of students who came to support their peers and watch some awesome performances by many talented students and teachers.

First up, we had the Arts Council performing 'Bohemian Rhapsody', a fun twist on a courtroom case. Followed by a performance of the song 'Sweatshirt' by Emily Johnston and Ivy Wilcox, the girls lip-synced a spectacular tribute to Jacob Sartorius with many fans and supporters cheering them on. The English department 'Punk-tu@tion\$\$' performed 'I Want It That Way,' incorporating their 'troublemaking' students for a humorous and entertaining performance. Comprised of Hera Winders, Adriana Calabrese and Izzy Morrison, the Rejected Cheerios adapted the Glee version of 'I Say a Little Prayer' to take out the show. Finally, we had our drama teacher, Jake Hansen pull one of his students on stage in full Greatest Showman fashion and lip-synced 'The Other Side' from the Greatest Showman with Emeline Lewis.

The Rejected Cheerios won overall, taking home some amazing prizes, generously sponsored to us from Noel Leeming.

It was an amazing turn out and I definitely had lots of fun pulling the event together and rehearsing with my amazing council. Big thanks to all our participants and judges. Special thanks to my amazing Arts and Cultural Council for putting in your all and pulling off a spectacular event to end the year.

# AI – It's Not What You Think!

Everyday Life and the Digital Revolution

In this provocative Catalyst Trust talk, Cambridge-trained sociologist Anthony Elliott proposes that much of what passes for conventional wisdom about the AI Revolution is either ill-considered or plain wrong.

The reason? All is not so much about the future but is rather a revolution already well underway – albeit one that is unfolding in complex and uneven ways across the globe.

From industrial robots to chatbots, and from driverless cars to military drones, AI is transforming all aspects of our lives.

Elliott explores how intelligent machines, advanced robotics, accelerating automation, big data and the Internet of Everything are bringing new forms of social interaction and transforming private life as much as the world of work.

Monday, December 2, noon-1pm, Queenstown Resort College meeting room, \$5 koha at door. Registration is required on Catalyst Trust's <u>Eventbrite page</u> (opening a month prior), as numbers are limited. Please bring your tickets (printed, emailed or Eventbrite app).

## How Queenstown Shaped Adventure Racing Worldwide

Thirty years since the world's first expedition length adventure race was held in the Southern Alps of New Zealand, sociologist and author Martha Bell will trace the growth of this worldwide endurance phenomenon and its Queenstown roots for Catalyst Trust.

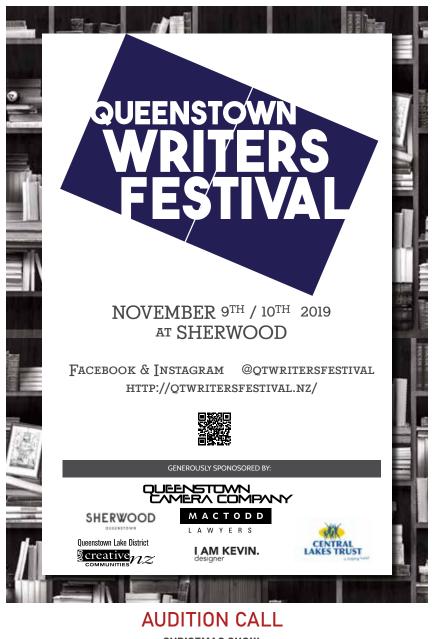

The original Grand Traverse was held in November 1989 and was a media, tourism and sporting spectacular. It spawned a sport that now hosts a World Series, with qualifying races in countries around the world, and New Zealand team Avaya is the world champion.

New Zealanders have dominated racing in various teams over the last three decades, competing in everything from sprint to stage races. Many of our well-known adventure athletes have helped grow the sport at school level and written adventure racing guides for beginners. New Zealand racers are freelance athletes and race directors.

Ms Bell says this many of these athletes and administrators have been Queenstowners, enabled by our freestyle culture of the 1970s, mobile adventure lifestyles of the 1980s and the DIY Kiwi attitude to new technologies of the 1990s.

And, in the very first Raid Gauloises, "The Grand Traverse," it was the Kiwi racers who subverted the original race rules with their own interpretation of the new sport. So what might the future of adventure racing hold - and what might Queenstowners' part be?

Monday, November 25, 1pm-2pm, Queenstown Resort College meeting room, 5<sup>th</sup> floor, \$5 koha at door. Registration is required on Catalyst Trust's <u>Eventbrite page</u>, as numbers are limited. Please bring your tickets (printed, emailed or Eventbrite app).

This annual show is an integral part of the events calendar and gives the community and families a chance to celebrate and get excited about Christmas together!

Auditions will be held on Saturday 12th October 2019

Please email <u>qtxmasstars@gmail.com</u> for more information and scheduled audition times.

" I highly recommend to anyone interested in dancing, singing or drama to audition for our amazing Christmas Show! Last year I was lucky enough to be cast in the lead role, which was an incredibly fun and rewarding journey! It has helped me with my confidence on stage both with singing and acting. Such an amazingly talented cast of local kids (and a few adults) who I now have a great bond with. The 2018 Xmas show was my favourite one yet! " Bethany Graf who played the main character - Georgie
