Kia ora and welcome to the Wakatipu High School newsletter at the end of Week 6. An especially warm welcome to the newsletter to parents of incoming 2020 Year 9 students - we have had really positive feedback about Orientation Day last Friday. We hope your child had a good day and is looking forward to coming to WHS next year.

This week has been another big week for NCEA exams, which in general seem to be going well for our students. Please support them to keep up the good work with their preparation and study.

**Branches Camp Book** - last night was the launch of the Branches Trust's book "Long Drops and Hard Knocks - Celebrating 50 years of Wakatipu High School's Branches Camp". It was a wonderful evening which celebrated the successful completion of the Branches Camp book. It is a beautiful book full of stories and photos of Branches Camp throughout its 50 years. A highlight of the evening was Alexa Herron, who lived at Branches Station when the camp first began. She features in the first chapter - but you'll have to read the book to hear her amazing story ...

Branches Camp is very important to WHS and is regarded as a rite of passage for our students. To run a camp as long and significant as Branches is a major undertaking which is very expensive these days, and Branches Trust works hard to raise funds to reduce the cost for families. This book is a key fundraiser for the Trust and the camp so please see below for how you can purchase a copy. The book really is an awesome historical document and a great gift for friends and family - see below for how to buy a book or two and support Branches Camp!

Speaking of Branches, today was Pre-Branches Tramps which included the gear check and students learning their groups. Preparations for the camp are going well, with only one week to go now until the camp heads in next Friday. This weekend is definitely time for finalising and packing items from the gearlist.

**LE Reports** - #11 for junior students are out today and available on the Portal now. Please check them out and have discussions as appropriate with your student.

**WHS Foundation Golf Day** - is filling fast. The Foundation are fantastic supporters of WHS and this is an important fundraising event. See below for how to register for a great day of golf at Millbrook!

**Junior Prizegivings** - dates are:

Year 9 - Wednesday 11th December

Year 10 - Thursday 12th December

Both Prizegivings will begin at 1200. Prizewinners' parents will be notified beforehand as per usual.

A much better weekend of weather ahead, maybe the odd dibble-dop but otherwise mainly warm and sunny, enjoy!

**Steve Hall, Principal**

## Pre-Branches Tramps

Year 10 students were out enjoying a range of walks in the basin today.

## Branches Camp Book

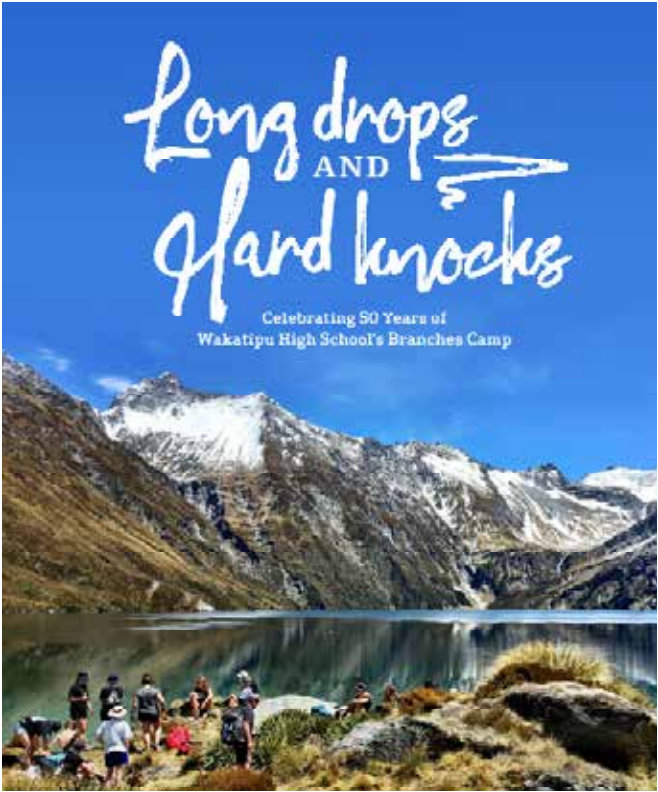

Long Drops and Hard Knocks celebrates 50 years of Branches school camps.

Adventure, laughter, danger, romance and intrigue all grace the pages of the Branches Charitable Trust's greatly anticipated anniversary book, celebrating 50 years of Wakatipu High school Branches Camp memories.

'Long Drops & Hard Knocks' is available to purchase \$59.95 purchase from:

- Wakatipu High School
- Arrowtown Museum
- Summerfields Pharmacy
- Remarkables Market
- Online [www.branchestrust.co.nz](http://www.branchestrust.co.nz) or [Branches Facebook page](#)

A big thank you to the businesses and people who have supported this initiative. This would make a wonderful Christmas gift of memories. Please support Branches Trust!

Spirit of Adventure

Last term, Rotary teamed up with the Youth Police initiative ‘Blue Light’ to give one of our students the opportunity to attend the Spirit Trophy course offered by the Spirit of Adventure Trust. This is a 5-day voyage onboard the Spirit of New Zealand ship, in which students are challenged with ship-handling as well as tasks that involve teamwork, problem-solving, debating and water sports. Following a rigorous selection process amongst a group of very deserving students, Jack McBeth was selected by Rotary to receive the sponsorship. He set sail during Week 3 of Term 4 to embark on an adventure that would develop his leadership and interpersonal skills in a unique and challenging environment.

*“It was a truly amazing experience to get on board with the Spirit of Adventure crew; during our six days on the ship we learned everything from how to tie knots to how to identify seabirds. It was extra special for me to be able to experience the ocean wildlife and environment, both of which I had little experience with before the trip. My overall highlight was without a doubt getting to see pods of dolphins jumping along with the bow of the ship. I highly recommend the Spirit of Adventure to anyone considering getting on board.”*  
Jack McBeth, Y10 AJGB

Jack delivered an inspiring and comical speech to Rotary members on Tuesday night, which was received with enthusiasm and admiration by all of those present. A huge thank you to Rotary, in particular Lee-Ann Lines, and Youth Police for making this life-changing opportunity possible.

Kayleigh Murray, Dean of Arthur

Recognising Excellence in Chinese

A huge congratulations goes to Helena Hornbacher and Isadora Figueroa for receiving awards from the Confucius Institute of New Zealand. These two students were selected for their ability in the Chinese language as well as their attitude and diligence to study.

Michael Ngaei, Chinese Teacher

Otago Uni Physics Dept Visit

Dr Inga Smith and Solomon Ringland Stewart from Otago University Physics Department visited the Science Department to run a workshop on Climate Change and the effects of Polar Caps melting on water levels. They ran three workshops for Year 9s and 10s and students developed their understanding of how the changes in climate will affect water levels of the Ocean.

Kate Jackson

QPS Thank You

Queenstown Primary School would like to acknowledge and thank WHS Year 13 student Jessica Staples for taking time out from her study leave to present her art portfolio to our Year 7 and 8 students.

Jessica described the different media (materials) used and the story behind her artworks which depicts endangered animals and the impact humans are having on them and their environment.

The QPS students are about to start a 4-week art PBL (Project Based Learning) activity and were incredibly inspired and motivated by Jessica’s work.

## Sports Coordinator Report

### Junior Volleyball Champs

The WHS Junior A Girls Volleyball team had a massive weekend recently. The team competed at the Otago Junior Champs last Friday and Saturday, finishing 11th in a very strong competition. They then traveled to Invercargill to compete in the Southland Junior Champs on the Sunday, finishing second, losing to James Hargest in the final. Three other WHS teams played in the Southland Junior Champs, two girls and a boys team. The Junior Girls B team lost their semi final to James Hargest. It was an awesome day for players who all improved dramatically across a large number of games. A huge thank you to Mrs Panapa and Ms Lawniczak for all of their coaching and organisation. Thank you to Indi Little and Natsune Suzuki who were student coaches on the day.

### Junior Cricket vs Kings High School

WHS hosted the annual junior cricket exchange vs Kings High School on Monday and Tuesday. The game was a two day/two innings format, a rare and unique opportunity for all players. Teams were playing for the Cushen-Mawhinney Cup, an annual fixture between the two schools.

Kings batted first and declared at 202 runs. The top WHS bowlers were Subath Wijerathna (2 for 33 off 10), Miguel Deveraturda (2 for 30 off 9) and Fletcher Marshall (2 for 47 off 11). WHS began the chase and got through to 142/6 at the end of play. Top batters were Fletcher Marshall 66no and Aiden Young 25.

Unfortunately the weather did not allow the game to continue on day 2, which was set to allow either team to play strategically with declarations and chase a win. The game was played in great spirit and the boys enjoyed competing on the field and having fun together off, while billeting the guests from Kings. We look forward to playing Kings next year in Dunedin.

A big thank you to Russell Mawinney, Matt Hollyer and Tim Young for all of their organisation and Angus Herron and Finley Young for umpiring on Monday.

**Laura Nathan, Sports Coordinator**

## How Queenstown Shaped Adventure Racing Worldwide

Thirty years since the world's first expedition length adventure race was held in the Southern Alps of New Zealand, sociologist and author Martha Bell will trace the growth of this worldwide endurance phenomenon and its Queenstown roots for Catalyst Trust.

The original Grand Traverse was held in November 1989 and was a media, tourism and sporting spectacular. It spawned a sport that now hosts a World Series, with qualifying races in countries around the world, and New Zealand team Avaya is the world champion.

New Zealanders have dominated racing in various teams over the last three decades, competing in everything from sprint to stage races. Many of our well-known adventure athletes have helped grow the sport at school level and written adventure racing guides for beginners. New Zealand racers are freelance athletes and race directors.

Ms Bell says this many of these athletes and administrators have been Queenstowners, enabled by our freestyle culture of the 1970s, mobile adventure lifestyles of the 1980s and the DIY Kiwi attitude to new technologies of the 1990s.

And, in the very first Raid Gauloises, "The Grand Traverse," it was the Kiwi racers who subverted the original race rules with their own interpretation of the new sport. So what might the future of adventure racing hold - and what might Queenstowners' part be?

**Monday, November 25, 1pm-2pm, Queenstown Resort College meeting room, 5<sup>th</sup> floor, \$5 koha at door. Registration is required on Catalyst Trust's [Eventbrite page](#), as numbers are limited. Please bring your tickets (printed, emailed or Eventbrite app).**

## AI – It's Not What You Think!

*Everyday Life and the Digital Revolution*

In this provocative Catalyst Trust talk, Cambridge-trained sociologist Anthony Elliott proposes that much of what passes for conventional wisdom about the AI Revolution is either ill-considered or plain wrong.

The reason? AI is not so much about the future but is rather a revolution already well underway – albeit one that is unfolding in complex and uneven ways across the globe.

From industrial robots to chatbots, and from driverless cars to military drones, AI is transforming all aspects of our lives.

Elliott explores how intelligent machines, advanced robotics, accelerating automation, big data and the Internet of Everything are bringing new forms of social interaction and transforming private life as much as the world of work.

**Monday, December 2, noon-1pm, Queenstown Resort College meeting room, \$5 koha at door. Registration is required on Catalyst Trust's [Eventbrite page](#) (opening a month prior), as numbers are limited. Please bring your tickets (printed, emailed or Eventbrite app).**

# HOWS LIFE?

## QLDC WANTS TO KNOW HOW YOU FEEL ABOUT LIFE IN OUR DISTRICT - WHAT YOU LOVE AND WHAT NEEDS ATTENTION.

This is the second Quality of Life survey and last year we got some really useful insights from our community. The data highlighted a number of key issues which are now being addressed such as a need to take climate action, provide more active transport options, and address a shortfall in maternity and healthcare.

By taking part you will help guide Council and social service decisions, and what issues should be prioritised.

The survey is open from 1 November until 5.00pm 1 December.  
For more information or to complete the survey, head to:
